  <h2>Educational Background</h2>

   <p id="para2">I am undergraduate in University of Kelaniya,B.Sc in Physical Sciences
including Computer Science,mathematics and chemistry.My passion towards to IT field took me
to read bachelor's degree in Information Technology at

   University of Colombo,school of computing.so most of my courses directly prepared me
for the role of a web developer/designer. Specifically, my final course was a capstone project in
which I had to make website for a real world problem.

   This gave me the real-world experience I needed to know how to work on full web
projects specific to each case I work on. </p>
